*** Asterisk indicates more affordable facility \$2,000/mo or less, usually shared room rate.**

Disclaimer: This is not a complete list of all residential care facilities as we are attempting to focus on those for the general senior population. This list may not be current as changes are common and frequent.

More information may also be found at the California Department of Social Services website searching for Residential Care Facility for the Elderly (RCFE) or Assisted Living.

<http://www.cclld.ca.gov>

To search for a licensed facility go to: <https://secure.dss.ca.gov/CareFacilitySearch/>

Note: Assisted Living or residential care is NOT covered by ⁺Medi-Cal or Medicare, and the cost ranges greatly, generally from \$1,800 to \$3,000 or more a month, often for a shared room. Some facilities have specialty locked dementia units or memory care services to prevent wandering etc...and some may be willing to accept lower rates/negotiate under special circumstances.

We encourage people to call and /or visit each facility to gather current information re: pricing and services included. ⁺ A few other counties have special Medi-Cal waiver facilities.
